SPRING A DEVELOPERS NOTEBOOK

To save **Spring A Developers Notebook** eBook, remember to refer to the web link beneath and download the ebook or have access to additional information which might be highly relevant to SPRING A DEVELOPERS NOTEBOOK book.

O'Reilly Media. Paperback. Book Condition: New. Paperback. 216 pages. Dimensions: 9.1in. x 7.0in. x 0.6in.Since development first began on Spring in 2003, theres been a constant buzz about it in Java development publications and corporate IT departments. The reason is clear: Spring is a lightweight Java framework in a world of complex heavyweight architectures that take forever to implement. Spring is like a breath of fresh air to overworked developers. In Spring, you can make an object secure, remote, or transactional, with a couple of lines of configuration instead of embedded code. The resulting application is simple and clean. In Spring, you can work less and go home early, because you can strip away a whole lot of the redundant code that you tend to see in most J2EE applications. You wont be nearly as burdened with meaningless detail. In Spring, you can change your mind without the consequences bleeding through your entire application. Youll adapt much more quickly than you ever could before. Spring: A Developers Notebook offers a quick dive into the new Spring framework, designed to let you get hands-on as quickly as you like. If you dont want to bother with a lot of theory, this book is definitely for you. Youll work through one example after another. Along the way, youll discover the energy and promise of the Spring framework. This practical guide features ten code-intensive labs thatll rapidly get you up to speed. Youll learn how to do the following, and more: install the Spring Frameworkset up the development environmentuse Spring with other open source Java tools such as Tomcat, Struts, and Hibernatemaster AOP and transactionsutilize ORM solutionsAs with all titles in the Developers Notebook series, this no-nonsense book skips all the boring prose and cuts right to the chase. Its an approach that...
