

Die Anfänge der Cultur Untersuchungen über die Entwicklung der Mythologie, Philosophie, Religion, Kunst und Sitte

By Tylor, Edward B:

Olms, Georg, 06.2005., 2005. Leinen. Book Condition: Neu. 966 S. Als Begründer der modernen Anthropologie und Ethnologie leistete Edward B. Tylor (1832-1917) wesentliche Beiträge zum Verständnis primitiver Völker. Er begriff Kultur als komplexes System, das "Kenntnisse, Glaubensvorstellungen, Künste, Sitte, Recht, Gewohnheiten und jede andere Art von Fähigkeiten und Dauerbetätigung umfaßt, die der Mensch als Mitglied der Gesellschaft erwirbt". Tylor vertrat die Überzeugung, daß sich unterschiedliche Kulturen über vergleichbare Entwicklungsstufen zu zivilisierten Gesellschaften entwickeln. Seine animistischen Theorien zur Entstehung des Glaubens an körperunabhängige Geisterwesen waren einflußreich. In Deutschland war Tylor durch die Übersetzung seines Werkes "A history of mankind" bereits bekannt. Das vorliegende Buch übte nachhaltige Wirkung auf die sich institutionell neu formierende Völkerkunde aus. As the founder of modern anthropology and ethnology Edward B. Tylor (1832-1917) made a significant contribution to our understanding of primitive peoples. He understood culture as a complex system which embraces knowledge, beliefs, customs, laws, manners and every kind of ability and lasting activity which man acquires as a member of society. Tylor was a firm proponent of the view that different cultures develop through comparable stages into civilised societies. His animistic theories regarding the origin of belief in spirits independent of the body were influential. In Germany

Reviews

These kinds of pdf is the greatest ebook accessible. It is one of the most amazing ebook i have got go through. Your life span will likely be transform once you comprehensive reading this article publication.
