Reviews

Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).

Thus far indications are that the beans have all been introduced by individuals or firms and not by the Federal or State Governments. Some of these cases have attained considerable newspaper notoriety from the alleged report that the insects were poisonous, a matter which will be taken up later. May 24 this insect was received from Elisaneapol, Caucasus, Russia. In June it was received from Rhodesia, South Africa. Later additional specimens were received from San Luis Obispo, Cal., and February 2, and later in 1911, specimens were received from Sacramento, Cal., collected by Mr. Wm. B. Parker, an agent of this bureau. They were taken in local stores, and were collected in a garden just outside of the city. In nearly all of these records the insect occurred in broad beans, but in a few cases the records read simply in beans. In discussing the introduction of this species into California, and the seizure by the Bureau of Chemistry of horse beans infested by the weevil in New York City, Mr. David Fairchild, of the Bureau of Plant Industry, with whom the writer conferred, desired to know the exact localities other than San Luis Obispo in which the species was known to have become introduced. During the discussion of the advisability of excluding further introductions of the horse bean by firms and private individuals in the Eastern United States, it became apparent that some measure...
