Louisiana State University Press. Hardcover. Book Condition: New. Hardcover. 264 pages. Dimensions: 8.1in. x 5.7in. x 0.8in. Louisianas bayous and their watersheds teem with cypress trees, alligators, crawfish, and many other life forms. From Bayou Tigre to Half Moon Bayou, these sluggish streams meander through lowlands, marshes, and even uplands to dominate the states landscape. In Bayou-Diversity, conservationist Kelby Ouchley reveals the bayous intricate web of flora and fauna. Through a collection of essays about Louisianas natural history, Ouchley details an amazing array of plants and animals found in the Bayou State. Baldcypress, orchids, feral hogs, eels, black bears, bald eagles, and cottonmouth snakes live in the well over 400 bayous of the region. Collectively, Ouchleys vignettes portray vibrant and complex habitats. But human interaction with the bayou and our role in its survival, Ouchley argues, will determine the future of these intricate ecosystems. Bayou-Diversity narrates the story of the bayou one wildflower, one creature at a time, in turn illustrating the bigger picture of this treasured and troubled Louisiana landscape. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
