

A Textbook of Chemistry, Intended for the Use of Pharmaceutical and Medical Students by Samuel P. Sadtler, Virgil Coblenz and Jeannot Hostmann (Paperback)

By Samuel Philip Sadtler

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1918 Excerpt: .in water it decomposes it with some violence. The salts of strontium show great similarities to those of barium. STRONTIUM AND THE HALOGENS Strontium Chloride, $\text{SrCl}_2 \cdot 6\text{H}_2\text{O}$.--This salt is prepared by saturating hydrochloric acid with the native carbonate and digesting the solution for some time with excess of carbonate, by which metals like aluminum, iron, and manganese are removed. The hot concentrated solution deposits, on cooling, acicular crystals of the hexagonal system. These crystals have a sharp, bitterish taste, and deliquesce on exposure to the air. They are soluble in 1.8 parts of water at ordinary temperatures, and in 0.9 part of boiling water. The ready solubility of this salt in alcohol offers a ready means for its separation from barium chloride. On the application of heat the salt loses its water of crystallization at 100, and at 8730 it melts. The anhydrous salt is soluble in...

Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Everett Stanton**

Complete information for pdf fans. it had been writtern quite perfectly and helpful. You can expect to like how the article writer compose this ebook.
