Reviews

These types of ebook is the greatest book available. Better then never, though i am quite late in start reading this one. I am just very happy to explain how here is the very best pdf i actually have read through inside my individual daily life and can be he greatest book for ever.

(Camryn Runolfsson)

DIALOGUE CONCERNING THE TWO CHIEF WORLD SYSTEMS

Modern Library. Paperback. Book Condition: New. Paperback. 586 pages. Dimensions: 8.0in. x 5.2in. x 1.0in. Galileo's Dialogue Concerning the Two Chief World Systems, published in Florence in 1632, was the most proximate cause of his being brought to trial before the Inquisition. Using the dialogue form, a genre common in classical philosophical works, Galileo masterfully demonstrates the truth of the Copernican system over the Ptolemaic one, proving, for the first time, that the earth revolves around the sun. Its influence is incalculable. The Dialogue is not only one of the most important scientific treatises ever written, but a work of supreme clarity and accessibility, remaining as readable now as when it was first published. This edition uses the definitive text established by the University of California Press, in Stillman Drake's translation, and includes a Foreword by Albert Einstein and a new Introduction by J. L. Heilbron. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
