

Medical Use of Electricity, with Special References to General Electrization: As a Tonic in Neuralgia, Rheumatism, Dyspepsia, Chorea, Paralysis, and Other Affections Associated with General Debility; With Illustrative Cases (Classic Reprint) (Paperback)

By Geo M Beard

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Medical Use of Electricity, With Special References to General Electrization: As a Tonic in Neuralgia, Rheumatism, Dyspepsia, Chorea, Paralysis, and Other Affections Associated With General Debility; With Illustrative Cases In the summer of 1857, one of the authors of this treatise, while pursuing his studies, began to experiment with the induced current of electricity in the treatment of indigestion, nervousness, and general debility. The method employed was substantially modeled after the localized electrization of Duchenne; but the results, though in some instances very decided, were, on the whole, unsatisfactory. But the soothing and invigorating effects of a persevering use of a steady current of induced electricity were so manifest in his own person, and in other cases where it was employed, that he was encouraged to continue his investigations at various intervals, both in hospital and in private practice. The results, however, were still unequal and inconstant, owing partly to the want of a convenient, reliable apparatus, but chiefly to the fact that the applications were too

Reviews

It in a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Mr. David Friesen IV

Totally one of the better publication I have actually read through. It really is rally fascinating through studying time period. Its been printed in an extremely simple way and is particularly just following i finished reading through this ebook in which basically modified me, modify the way i think.
